The Norris Lake Marina Association (NLMA) would like to welcome you to the beautiful fresh waters of Norris Lake Tennessee where you'll find a wide assortment of recreational activities in and around the crystal-clear waters of one of the Tennessee Valley Authority's (TVA's) cleanest lakes. The Norris Lake area offers a variety of fun, family friendly activities on and off the water, such as boating, fishing, skiing, tubing, wake boarding, wake surfing, swimming, camping, golfing, ATving, hiking, biking, kayaking, relaxing, dining on the water, as well as lodging (on and off the water). If it's your first time visiting, prepare to fall in love with the Norris Lake area! When you leave, you just might find yourself checking your calendar to see how soon you can return. We believe that Norris Lake offers the perfect vacation destination, weekend get-a-way, or permanent home for you, your family, and your friends.

Norris Lake has 23 marinas offering a variety of services and facilities in a family friendly and welcoming environment. There is a wide selection of lodging accommodations from campgrounds, houseboat and floating cabins rentals, condos, waterfront and lake view vacation homes, and waterfront hotels. Many of our marinas offer an on-the-water restaurant, each with their own unique atmosphere and menu. Numerous weekend entertainment options await: live bands, trivia, theme nights, karaoke, and fireworks to name a few. Draft beer, wine, and full service bars are available at many locations. If you don't own a boat, no problem! We have plenty of boat rentals available from triitoons, pontoons, double-decker pontoons with slides, PWCs, runabouts, floating cabins, standup paddle boards, kayaks, and more.

We take pride in the natural beauty of our area and would like to remind our visitors to please be mindful of helping to preserve the cleanliness of our area and to be respectful of your fellow boaters. Be sure to check out the new section we've added this year to provide helpful information on boating etiquette for our regular visitors and newcomers. As always, we've included essential boating regulations to ensure a safe experience for you and your family. The average depth of Norris Lake is 75 feet - life jackets are absolutely necessary. Together, we can keep Norris a safe and beautiful lake that you'll want to visit again and again.

In this guidebook you'll find helpful information on the Norris Lake area, the marinas, area attractions, resorts, events, as well as local services that are offered by our associate members - real estate agents, boat dealers & brokers, lenders, insurance providers, dock builders, boat rentals, lodging, and more. Please support the NLMA associate members and advertisers who make this guidebook possible. Enjoy your visit to the area, be safe, and we hope that you create many lasting memories out on the water!

Happy Boating,

Travis Keller

President

Let's Go Boating on Norris Lake

Norris Lake Dam

Nestled 20 miles north of Knoxville in the foothills of the Cumberland Mountains lies Norris Lake. Well known for its deep clean waters, the lake consists of two major rivers and numerous creeks. The lake is fed by more than 3,000 miles of clean and fresh water from creeks, streams and rivers, mostly from the mountains. Since the lake is not fed by any major dam, the water is much cleaner and clearer than most other lakes. Once the sun begins to warm the water in spring, it tends to maintain a nice warm temperature until late fall most years.

Photo by Emily Dobliger

Recreational use of Norris Lake exceeds that of any other TVA tributary lake. At Norris lake's normal summer pool of 1020 feet (above sea level), there are over 34,200 acres of surface water. Over a normal year, the lake level can change 20-30 feet, but sometimes may exceed 45-feet in drought or flood conditions. The lake water changes about every 9 months with new fresh water out of the mountains, mostly from rain.

Norris Lake extends 56 miles up the Powell River and about 73 miles up the Clinch River. There are also many more miles of water up the numerous creeks. Along the 809 miles of shoreline, many fun activities can be enjoyed such as golfing, hiking, horseback riding, rock climbing, cliff jumping, caving and camping. There are also over 50 miles of island shoreline along with numerous picnic areas, caves, cliffs and beaches. Norris Lake has many secluded coves, three state parks, various county parks, two wildlife management areas and 59 public access sites. Norris Lake is located in the Counties of Anderson, Campbell, Claiborne, Grainger and Union in Tennessee.

Well known for its striper, walleye and crappie fishing, with over 56 species of fish, Norris Lake is very popular for many fishing tournaments all year long. Bring your own boat, rent a boat, hire a guide service or fish from shore. You have choices and there are a lot of fish in the lake!

Norris Lake marinas offer lakefront and lakeview houses, condos, hotels, houseboats and floating cabins for rent and sale. They also offer boat and slip rentals, lake front restaurants with a great selection of food, drinks and entertainment, campgrounds, lake maps, groceries, snacks, apparel and boating supplies to make your vacation complete. Some marinas have karaoke, live bands, kids activities and theme parties along with party rooms available for reunions, weddings and business functions.

Photo by YourNewBoat.com

Don't miss all the marinas' events, the Crownline Boat and Mastercraft Boat gatherings, the Norris Lake Beach Party, Boat tie ups & holiday parties. There's also fireworks at Flat Hollow, Shanghai, Beach Island/Bubba Brew's, Cedar Grove, Whitman Hollow, Lone Mountain and Deerfield Resort.

Photo by Doug Peterman

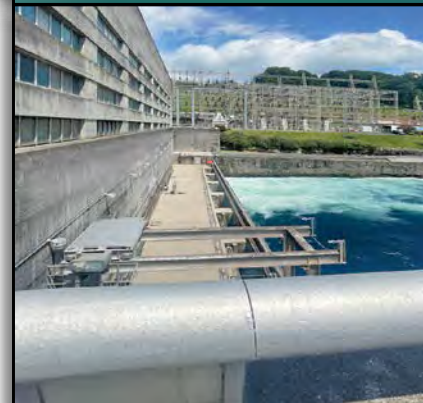

Norris Dam was created to help bring economic development to the region and control the rampant flooding that had long plagued the Tennessee Valley. The dam was the first project built by the Tennessee Valley Authority (TVA). It only took 2.5 years to build. Construction was started on October 1, 1933, completed March 1936 and filled by 1937. During construction over 2,750 workers helped build the dam and there was over one million square yards of concrete poured. Cost of construction including land acquisition was close to 36 million dollars. The project relocated almost 2,900 families and caused the removal and relocation of over 5,000 grave sites.

The TVA is a federally-owned corporation created in 1933 by a congressional charter to provide navigation, flood control, electricity generation, fertilizer manufacturing, and economic development in the Tennessee Valley. TVA's service area covers most of Tennessee, portions of Kentucky, Alabama, Mississippi and small parts of Georgia, North Carolina and Virginia.

Norris Dam is a straight concrete gravity-type dam, 1,860 feet long, 265 feet high, and 208 feet thick at the base. At summer pool of 1020 feet, the dam holds back over 830,000,000,000 gallons of water (2,378,000,000 square yards). Norris Dam provides flood control and recreation, helps improve navigation of the Tennessee River and generates hydroelectricity. The dam is equipped with two hydroelectric turbine 50,000-kilowatt generators that have a 126 megawatt daily average capacity in the summer. The spill waters flow through 9 dams through the Tennessee River while also passing through Georgia, Alabama, Tennessee and Kentucky. The waters eventually flow into Kentucky Lake then into the Ohio River.

Norris Dam State Park surrounds Norris Dam and offers campgrounds, cabin rentals, rent-able indoor and outdoor facilities, hiking trails, mountain bike trails, horseback riding trails, a museum, playgrounds, picnic areas, gift shops, and recreational programs. Check the Tennessee State Parks website for seasonal programs at TNstateparks.com.

Norris Dam Area

Lonas Young Memorial Park

Clinch River West, Big Creek and Cove Creek

The Norris Dam Area encompasses the Clinch River from Norris Lake Dam to day marker 19 at Loyston Point, along with Cove Creek and Big Creek. Norris Dam Marina overlooks the dam waters where the Clinch River and Cove Creek meet at day marker 1.

Day markers are used on Norris Lake for identifying points and areas of the lake and to help in navigation. They are located 1-5 miles apart on signs called day boards on the points, Islands, marinas and shores of Norris Lake with numbers ranging from 1 to 33. Day markers are on most Norris lake maps to help locate different areas, creeks, points and/or marinas on the lake.

Cove Creek flows from Cove Lake State Park to the dam. Cove Lake flows into Norris Lake at the beginning of Cove Creek close to Caryville. Along Cove Creek there are two marinas, Twin Cove Marina at day marker 4 and Mountain Lake Marina at day marker 3. The Norris Dam State Park and the Cove Creek Wildlife area border Cove Creek where the creek meets the Clinch River at the dam. The Norris Dam State Park also runs along the shores of the Clinch River before you get to Sequoyah Marina, just past where Big Creek joins the Clinch River at day marker 5.

Big Creek flows from downtown LaFollette, past the Campbell County Park/Beach and Launch ramp by the White Bridge on Demory Road to the Clinch River. Bo's Indian River Marina, at day marker 8 and Whitman Hollow Marina, close to day marker 7, are both located on Big Creek. Stop by their restaurants for a meal, snack, drink or entertainment.

Farther up the Clinch River is the Anderson County Park and Clear Cove Marina close to where the Clinch and Powell Rivers merge at day marker 9. Stardust Marina is just around the corner, up a little from day marker 9 on the Clinch River.

The Clinch River twists and winds its way past Loyston Point at day marker 19 where the lake opens up to the widest part of the lake. This is where the Clinch River East begins.

Fishing on Norris Lake

Rockfish, Walleye, Catfish, Largemouth, Smallmouth, Bluegill, Crappie, Stripers and Black Crappie

The deep clear waters of Norris Lake create a perfect habitat for many species of fish, becoming a favorite destination and tournament venue for anglers across the country as well as moms, grandmas, dads, grandpas and kids of all ages. If you want to catch fish, Norris Lake is where you want to be.

License Information

A Tennessee fishing license is required if you take fish or attempt to take fish (including crayfish) by any method or if you assist someone else to do so. Non-residents have a choice of annual, 10-day or 3-day fishing license for either all fish or no trout. If you are under 13 you do not need a license. Annual fishing licenses go on sale February 18, the start of prime fishing and are valid until the last day of February the following year. Licenses are available on the web, by mail or from the county court clerks, some sporting goods stores, hardware stores and marinas. To purchase a license or for more information visit gootdoorstennessee.com. Call the marinas, search web sites or watch local papers for information on local fishing tournaments, area guides and other tips.

Creel and Size Limits (as of 12-04-23)

Powell River Area

Powell River, Cedar Creek & Davis Creek

The Powell River is one of the two rivers that makes up Norris Lake. It meets the Clinch River about 10 miles northeast of the dam around Anderson County Park at day marker 9. It extends 56 miles northeastward past day marker 18, eventually flowing from under 25E just southeast of Cumberland Gap and Tazewell. The Powell River offers beautiful scenic views of the Cumberland Mountains to the northwest and the Chuck Swan Wildlife Management Area to the south and east.

Shanghai Resort is located across the lake from day marker 10. Deerfield Resort is the development along the shores of Cedar Creek and Powell River just past day marker 10. Deerfield Cove Marina, the Tiki Hut and Springs Dock Resort are between Day markers 10 and 11. Flat Hollow Marina Resort is just around the corner from day marker 14, and Blue Springs Dock is down the Powell River past day marker 14. Union County Dock is a little further down the Powell River before you get to day marker 15.

There are two major creeks that feed into the Powell River, Cedar Creek and Davis Creek. Sugar Hollow Marina is the only dock on Cedar Creek and is close to the popular Cedar Creek Bridge, also known as party cove. Davis Creek enters the Powell River around day marker 12 behind an island where it is easy to miss. Powell Valley Resort is located on Davis Creek at day marker 13 at the influence of Doakes Creek. The Cumberland Mountain view from there is awesome.

There are many secluded coves in the Chuck Swan Wildlife Management Area that borders a lot of the Powell River. Take an exciting day hike into the Chuck Swan Wildlife Management Area and find the lookout tower or Panther Cave.

On the Powell River around day marker 15 there is a car ferry at Union County Dock that is operational most days. Call the ferry dispatch at (865) 992-4062 for info.

Boater's Etiquette on Norris Lake

Since there are endless number of ways you can enjoy the 34,000 acres of waters on Norris Lake, lets all remember to please be respectful of others trying to enjoy their day/evening on the water while they're doing their activity of choice. There is plenty of water and coves for everyone to enjoy. As fisherman, wakeboarders, surfers, skiers, tubers, house boaters, cruisers and Jetskiers, we can all enjoy this beautiful lake while being considerate of each other. A few common sense suggestions:

If someone is skiing in a cove, please don't drop anchor in the middle of the cove (you're welcome to drop anchor in the back or the front of the cove). If someone is skiing in a cove and you elect to anchor in that cove, don't expect them to stop skiing. If the skiing is going to bother you, consider anchoring in another cove or towards the front or the back of the cove so that they can continue to do the activity that they were doing before you entered the cove.

Activities for the busier parts of the lake or main channel: Wake Surfing & Tubing - The New law states NO Surfing in front of any Docks or Marinas, or within 200' of a shoreline, or in any part of the lake that is not wider than 400'. See state laws on Page 52.

Activities for smoother water coves - Different types of water skiing (slalom, trick skiing, bare footing, etc) for all ages, floating, swimming, fishing, kayaking, SUPing, Snorkeling, etc. Please respect people participating in these activities and areas as well as shorelines with homes on them by not making any unnecessary wake which may put people in danger.

PWCs should NEVER follow behind or jump waves from ANY boat that is towing anyone (tube, skis, surfing, etc). No exceptions! There should be at least 300 feet (a football field) between your boat/PWC and the person being towed at all times.

Never sit on the bow or stern of a moving boat or pontoon otherwise you may either get seriously hurt or be given a ticket.

When sharing a cove with other "Floaters" please keep your music at a reasonable volume so that it does not drown out the music of the nearby boats.

If you see boats tied up in a cove side by side, treat that cove as no-wake cove as a courtesy so their boats don't bang together from your waves. Slow down to no-wake before entering an when leaving to go around them.

When staying in a cove overnight, be sure to leave your Anchor Light on overnight and clearly mark any ropes you have in the water.

If there is already a Cruiser or Houseboat in a Cove that appears to be staying overnight (at dusk or after sunset) consider anchoring in an unoccupied cove when possible if you also wish to stay overnight.

Do not tie to or anchor to, or near a Ski Course at any time.

Accommodations

Lake Front and Lake View Homes, Hotels, Condos, Houseboats, Motels, Campgrounds & Floating Cabins

You can find a variety of accommodations at Norris Lake. Some are in marinas, some are in gated Resort communities with pools, club houses, playgrounds, airports, tennis and volleyball courts, covered slips, and golf courses right on the water. There are also private lakefront homes and floating cabins available. Campgrounds can also be found throughout the lake in marinas, private campgrounds and the state and county parks.

Luxurious lakefront and lake-view homes and condos for rent include up to 10 bedrooms with 12 baths and covered boat docks. If you want to stay on the water, try a houseboat or floating cabin. Both have a lot of amenities and they can accommodate up to 16 people. Some floating cabins have flush toilets, up to three baths, private covered boat slips, jet ski docks, hot tubs and water slides. Or find your own private cove with a houseboat and anchor where you want. Some marinas can accommodate up to 350 people for weddings, reunions, parties and corporate outings. Spacious banquet facilities and catering are also available at a few of the marinas to make your next meeting, wedding, reception or any other celebration a complete success. Your accommodation choices are unlimited. The Knoxville Airport is less than an hour away, making it convenient for those traveling by air.

Floating Cabins on Norris Lake

Floating Cabins are unique to Norris Lake. Floating Cabins are houses floating on the water. Their frames are built on a floating foundation. Some of these homes have every amenity you can think of including central heat and air, thousands of square feet, up to 2-plus stories, private boat slips and docks, hot tubs, water slides and more. Enjoy all the conveniences of a home floating on Norris Lake. Floating cabins are available for rent and for sale.

The interiors are just like home with tile and hard wood floors, wall-to-wall carpeting, marble counter tops, ice makers, washer/dryers, cable TV, Internet, utility rooms, walk in closets and full-size jacuzzi tubs. They range from one bedroom up to four bedrooms plus loft with three baths and can sleep 16 or more. You can barely feel any motion when inside a floating cabin and you will forget you're floating on water until you walk outside.

Most floating cabins are tied up on a buoy line in the no wake zone of the marina where they have water on every side. You will need a boat to get to these floating cabins. You can enjoy a 360 degree waterfront view, all one step from the lake. Others are moored on the marina's catwalk so you can walk right on, or drive your golf cart right to your front door. Be on the lake 24/7, one step from your boat.

Norris Lake Protection Alliance (NLPA), a non-profit corporation, established to provide a unifying voice to people who regard the environmental preservation of Norris Lake as a top priority. NLPA is focused on the waterfront environment. NLPA primary objectives are:

1. **Water Quality Initiative.** The NLPA currently tests water at 8 locations across the lake on a monthly basis. We want to work with all concerned parties to maintain Norris Lake's water quality.
2. **Promote Responsible Land Use.** The NLPA is sharing knowledge from environmental experts to help property owners and those using the land around the lake learn what they can do to help keep Norris Lake clean. We advocate for environmental standards and forward thinking to protect Norris Lake, the surrounding communities and farmland.

TO VOLUNTEER or for QUESTIONS email: KeepNorrisBlue@gmail.com

Donations are needed to sustain ongoing testing and educational initiatives: To Donate to NLPA, Send check payable to NLPA and mail to: NLPA, P.O. Box 27, Sharps Chapel, TN 37866

Watersports on Norris Lake

Norris Lake has become a favorite haven among wakeboarders, kneeboarders, wakesurfers, waterskiers and jet skiers. Thanks to an abundance of coves and corners to break the wind, the lake provides miles of smooth water with some of the best ski water anywhere, referred to as "glass". There is also many parts of the lake over 400 feet wide that have no docks or houses on, perfect for wakeboarding and wakesurfing.

If you or your kids like to be pulled behind a boat on a tube, or other inflatables, you can always find an open part of the lake to have fun. Many of the marinas rent ski boats, pontoon boats, personal water crafts, skis, wakeboards, SUPs and towable tubes for that great day on the lake. Please be responsible for your wake.

You will see people on SUPs, (stand up paddleboards) a fun way to walk on the water. Its easier than you think. It's a great way to exercise, a great workout for your core. It's easy to do and fun for all ages. Some marinas rent SUPs so try it out if you haven't yet.

A great way to explore the lake is on a personal water craft (PWC). These are also known as Jet Skis, Waverunners and SeaDoo's by Brand names. Many of the marinas have PWCs for rent by the hour, half hour or for a full day. If you have never ridden one, make sure you get proper driving and safety instructions before you leave the dock. They can be a lot of fun; but like boats you should know the laws and how to safely operate them.

One of the best thrills as a boater is to get a person up on waterskis, a wakeboard, surfboard or tube for their first time. To see the smile on someones face who just learned to ski or tube is a sight to see. If you do not know how to ski, ask someone at the dock. Boaters are some of the friendliest and nicest people. You can almost always find someone to take the time to help you or your kids learn to ski, surf or wakeboard. Be safe, be smart and have a great time whatever you do!

PLEASE WAKE RESPONSIBLY

- 1. Stay at least 200 feet away** from the shoreline, docks, boats, high traffic areas or other structures.
- 2. Keep music at reasonable levels**
Since sound travels well over water, If its loud enough to hear at 80 feet back, it is likely loud enough for homeowners to hear also.
- 3. Minimize repetitive passes** on any one part of the shoreline, move on after a few passes.

Remember, you are responsible for your own wake, be considerate.

Clinch River East Area

Clinch River from Loyston Point to Rt 25E, Mill Creek, Lost Creek, Poor Land Creek and Big Sycamore Creek

The Clinch River East Area consists of the Clinch River starting just past Loyston Point at day marker 19 where the lake opens up to the widest part. On the big open lake up Mill Creek, you will find the Waterside Marina to the southwest around day marker 20.

Big Ridge State Park is almost completely surrounded by Norris Lake between day markers 21 and 22 with many secluded coves. Hickory Star Marina sits on the southern shore up the Clinch River across from day marker 24, just past the big open lake by a lot of islands. Lakeview Marina and Beach Island Marina are a few miles further around day marker 27 by the 33 bridge. Make sure you stop by Bubba Brew's Sports Pub and Grill inside the Beach Island Marina. They have both indoor and outdoor bars, daily specials, over 19 flat Screen TVs and live music along with great food for all.

Past the 33 bridge is Cedar Grove Marina by day marker 28. Straight Creek Marina is just around the corner before you get to the Lone Mountain Shores development. The Norris Landing Marina and Jimmy's Place restaurant is at day marker 30 and Lone Mountain Marina and Campground is just a little further, back under the railroad bridge by Big Sycamore Creek.

Norris Lake continues to wind back and forth up the Clinch River under a railroad bridge and around scenic hills for over 15 more undisturbed miles until it flows under 25E, where it becomes too shallow to navigate.

Boating Safety, Laws and Tips

As a boat owner and/or operator **YOU ARE RESPONSIBLE** for your safety, the safety of all your passengers and the safety of other boaters as well. Always be aware and alert of everything around you when driving a boat.

- TWRA (Tennessee Wildlife Resource Agency) and the US Coast Guard patrol and enforce boating laws on Norris Lake. Know and obey the laws of the state and the rules of the lake. For a complete handbook of Tennessee boating laws visit: <https://www.tn.gov/content/dam/tn/twra/documents/boating/TN-Boating-Handbook.pdf>
- For safety and to prevent collisions, every operator should follow the three basic rules of navigation.
 1. Practice good seamanship.
 2. Keep a sharp lookout.
 3. Maintain a safe speed and distance.
- **ALWAYS** provide everyone with an appropriate size PFD before leaving the dock and have them readily available.
- Children 12 and under must wear a Personal Flotation Device (PFD) while underway. Be sure all PFDs fit properly.
- **ALWAYS** maintain a safe speed depending on your surroundings. When in doubt, SLOW DOWN OR STOP.
- Be aware of other boats and swimmers around you. Swimmers are hard to see so always look out for them.
- **ALWAYS** look in all directions before starting out, turning or changing course. Then look again.
- When approaching a boat, the boat on your right has the right away. Slow down and allow plenty of room OR change course and go behind the other boat.
- Slow down before approaching docks, boats, swimmers, shore, bridges, busy areas or any object.
- **SLOW DOWN** close to marinas. No Wake means **Idle Speed, which is the SLOWEST you can go while maintaining control.** You are always responsible for damages from your wake. Please always be courteous to others in the marinas and other boats anchored or fishing where ever they are.
- Distribute your load evenly and never overload your boat.
- **NEVER** follow directly behind other boats or PWCs. (Boats do not have brake lights.)
- PWCs cannot be operated between sunset and sunrise.
- As a boat driver, you are responsible for any passenger in your boat and can be fined for their actions, including those drinking. Tell your passengers not to move around the boat once the boat is moving above idle speed.
- **NEVER** allow your boat or PWC to be driven by an inexperienced operator without proper instructions.
- Anyone born after 1-1-89 who operates a boat or PWC without an adult aboard that was born on or before 1-1-89 must have taken and passed a Coast Guard approved boating education course (TWRA or NASBLA - National Association of State Boating Law Administrators) and have their certificate with them. Those less than 12 years old must have a supervisor on board who is at least 18 years old and able to take immediate control of the vessel. The supervisor if born after 1-1-89 also must have a Boating Safety Education Certificate issued by TWRA or NASBLA. Children 12 years old or older operating alone must have a Boating Safety Education Certificate issued by TWRA or NASBLA.
- As a boat owner and driver you are responsible by law to make sure your lights on your boat are working properly and on 1/2 hour before sunset until 1/2 hour after sunrise. Even if you don't expect to be out at night things happen so be prepared. Boating lights are for other boaters to see you. If your boat lights do not work people may not see you. Don't put you and others in your boat as well as other boaters at risk. According to the law docking lights should only be used within 50' of a dock.
- **DO NOT** drink alcohol and drive a boat at any time. Alcohol is a major contributor to boating accidents and fatalities. If your trip includes any drinking use a designated non-drinking driver. Be Safe! Be Smart! Have Fun!

The U. S. Coast Guard asks all boat owners and operators to help reduce fatalities, injuries, property damage and associated healthcare costs related to recreational boating accidents by taking personal responsibility for their own safety and the safety of their passengers. Essential steps include always wearing a life jacket; never boat under the influence; successfully complete a boating safety course; and get a vessel safety check annually from your local U.S. Coast Guard Auxiliary or United States Power Squadrons.

OVERTAKING AND PASSING: A boat being passed has the right-of-way. Keep clear.	MEETING BOATS HEAD-ON: Keep to the right.	CROSSING: The boat on the right has the right-of-way. Slow down and permit to pass.
---	---	---

PLEASE WAKE RESPONSIBLY

A new Tennessee law concerning Wake Boats and Surf Boats went into effect on July 1, 2022 as follows:

1. Wakeboarding and wakesurfing is prohibited before sunrise or after sunset. This provision was already in place for jet-skiers, skiers, etc. The new law simply includes wakeboarders and wakesurfers in the prohibition.
2. Wakeboarding and wakesurfing are no longer permitted in coves or any "portion of a body of water" with a width of less than 400 feet.
3. Wakeboarding and wakesurfing are not permitted within 200 feet of a "shoreline or a dock, pier, boathouse, or other structure located completely or partly on the water". It's best and most considerate not to wakeboard or wakesurf around any houses, docks or marinas.
4. Wakeboarders and wakesurfers must wear a personal flotation device approved by the U.S. Coast Guard.

Pursuant to T.C.A. 69-9-219, violation of the new law is a Class C misdemeanor punishable by up to 30 days in jail and up to a \$50 fine and court costs

Remember, you are responsible for your own wake, Please be considerate.

Flexible
Scheduling

Houseboating on Norris Lake

Can you see yourself on a luxurious houseboat with all the comforts and amenities of home just one step from the lake. Enjoy cruising the lake or swimming and sunbathing in your own private cove. When evening comes you can watch the picturesque sunset relaxing in your hot tub. After the sun sets, go fishing, night swimming or star gazing. Everybody loves houseboats and houseboat vacations.

There is every size houseboat you can imagine on Norris Lake from one bedroom to seven bedrooms with queen size beds and sinks in each bedroom and two full bathrooms. Amenities on houseboats can include central heat and air, fully equipped kitchens, washer and dryer, dishwashers, trash compactors, ice makers, slides, hot tubs, satellite radio, large screen TVs with DVD and wet bars on the top deck.

Houseboating is a great way for family and friends to spend a vacation for a few days or a couple weeks. With one or more tied up in a cove in 40 - 150 foot deep water, houseboats make a perfect home base for family and friends to meet, swim, fish, party or sunbathe. There have been many weddings, bachelor parties and church services held on houseboats out in private coves. Tie up to the shore for a picnic and take a hike in the Chuck Swan Wildlife Area or one of the state or county parks.

Cruising on a houseboat is a thrill because at 7-10 mph they are easy to drive. Marina owners will take the time to show you how to drive one. It's nice to have everything with you on the lake wherever you go. Don't forget that attending a fireworks show on a houseboat at one of the marinas can also be a blast.

Rental houseboats are available with up to seven bedrooms and two full baths, so bring your family and friends for the best vacation ever. Less than 10 houseboats are available for rent on the entire lake so finding the perfect cove is as easy as driving them. When the total price is divided up between a group of people, the cost can be very reasonable. Experience the ultimate vacation on a houseboat. Visit the Norris Lake marinas' website for more information. Norrislakemarinas.com
